"Deception becomes more difficult as the number of channels of information available to the target increases. However, within limits, the greater the number of controlled channels the greater the likelihood the deception will be believed." *Deception Maxims - Fact and Folklore* - CIA Deception Research Program paper - June 1981

The word “Entertainment” is translated from the Latin: Enter means “inside,” Tain is “to grasp, to hold, to possess, occupy or control.” Ment comes from mens/mente, or “the mind.” Has the ability to grasp and control the population’s minds (mind control) been weaponized into a distraction and deception system to hide real inter-generational organized criminality, the illogic/immorality/illegitimacy/artificiality of “Government” itself, and the theft of trillions (fractional reserve banking + ”bailouts” + “stimulus” + MIC Fraud/Unnecessary unnecessary weapons + manufactured enemies) funneled through monopoly banks, MIC, Pharma, Telco, and intelligence agencies which funds this monopolization and control-of-perception system?

The White Rose
*Mucho Grande!*

An Homage
to the White Rose Society

***The Liberator*** - a 64GB uncensorable credit card-sized flash drive of visualizations, documentaries, short videos, book in PDF, dank memes, and truth music from the Liberty movement's leading artists. Companion Media to the new book: ***"Government"*** and ***"The Covid"*** - ***The Two Biggest Scams in History... Exposed!*** by Etienne de la Boetie²

**The Art of Liberty Foundation** is a start up public policy organization exposing the illegitimacy and criminality of ***"Government"*** from a principled voluntaryist perspective.

This visualization is a media ownership chart chart created by The Nation magazine in 2006. While the chart is out-of-date, it is still relevant as there has been even more media consolidation since it was printed. While our Liberator Flash Drive has other more recent media ownership charts, this is the best format that gives the best visual overview of the monopolization.
